MEMORANDUM FOR: Executive Secretary
DDS&T Historical Board

SUBJECT: Requirement for Studies Extra to Narrative
History of OSA/DDS&T

REFERENCE: Minutes of First Meeting of DDS&T Historical
Board dated 8 December 1966

1. In compliance with paragraph 10 of the reference, this Office has reviewed its records and materials in planning for the preparation of the Office history, and we feel that at this time there is no evidence for need of additional studies performed outside our Office to effect the history of the Office.

2. We presently have [REDACTED] employed full time on research and planning for the Office history. In addition, several senior key personnel who have been acquainted with the Office and its history for some time are prepared to aid [REDACTED] in any way possible. [REDACTED] experience with the Office, almost since its inception, coupled with the vast amount of documentation available precludes the need for significant new contributions by other individuals in the Office.
